## Housing & Construction Awards

### Gold Coast Region

House of the Year

#### Ingles Homes (Qld) Pty Ltd

Ingles Homes continually sets new benchmarks in contemporary home designs and this home is set to be a landmark on the Gold Coast. Incorporating a wide variety of building products, the first hurdle was to cut the steep site and construct the retaining walls which are faced with sandstone. The fully tiled water feature wall opposite the entry blends with the copper sheeting walls. The retractable roof over the main bedroom has not been seen before by the judges, and other awesome features include a glass and steel three story lift.
